

Accessibility Statement – Palagina Website

Statement issued on 27/06/2025 through self-assessment carried out by the provider.

Tiber S.r.l. (the “Company”) is committed to making its website accessible, in accordance with Law No. 4 of 9 January 2004 and Legislative Decree 82/2022. This accessibility statement applies to the following domain: <https://palagina.it/it>

General Information

Subject of the statement: Website

Website name: Palagina

Technical specifications used: WCAG 2.1

Compliance status: Partially compliant

This website is partially compliant with the requirements set out in Annex A of the UNI CEI EN 301 549 standard, due to the non-compliance issues listed below. It is noted that the company does not fall within the scope of the Stanca Law of 9 January 2004 and this statement is therefore made on a voluntary basis. Nevertheless, the Company is committed to making the non-accessible content compliant with the relevant regulations.

Non-accessible content

The page language declared in the code is always English, even when the user navigates in Italian, which affects the reading and pronunciation of several elements.

There is no mechanism to skip directly to the content when navigating with assistive technologies (Bypass block).

Page headers do not follow a hierarchical order, and in some cases, the main heading (H1) is missing.

Several key interactive elements are not accessible via keyboard, such as the back buttons.

Content is accessible only through category navigation, without offering alternatives such as search or alternative menus.

Links with generic labels do not provide clear information about their purpose, compromising usability for assistive technology users.

Several interactive or textual elements do not meet the minimum contrast ratio of 4.5:1, and some non-text elements lack the required 3:1 contrast ratio.

The focus state of some buttons is not sufficiently visible, making it difficult to navigate via keyboard.

Carousels do not provide an accessible alternative to swipe, preventing interaction for users relying on keyboard or assistive technology.

Error messages within form fields are not properly announced by assistive technologies.

Feedback and contact information of the provider

Users may report any accessibility issues at any time by writing to the following email address: sustainabilityat@humancompany.com

To help resolve the issue, please include the following in your message:

- Full name
- URL or section of the website
- Clear and concise description of the issue
- Devices and tools used (OS, browser, assistive technology)

You can view our Privacy Policy at: <https://palagina.it/it/privacy-policy>

How to report to the Agency for Digital Italy (AGID):

If no satisfactory response is received within thirty days, a report may be submitted at the following link: <https://www.agid.gov.it/>
